### Feeding Directions:

St. Paul 4-H ration is meant to be a full feed product. Additional good quality hay and fresh clean water should be provided at all times. For any additional feeding instructions, please contact your Aurora Cooperative Feed Specialist.

**WARNING:** A withdrawal period has not been established for this product in pre ruminating. **DO NOT** use in cattle being processed for veal.

**CAUTION:** **DO NOT** feed to horses as it contains Lasalocid and ingestion may be fatal. Mix thoroughly with grain and/or roughage prior to feeding. Feeding undiluted or mixing errors may result in an excess Lasalocid concentration that could be fatal to cattle and sheep.
